Dear Parents/Carers

As a result of the new GDPR (General Data Protection Regulations) schools must have permission to use photos of your child. The use of digital photographs and video images play an important part in learning activities. Pupils and staff may use digital cameras and videos to record evidence of activities in lessons and on educational visits. These images may then be used in presentations in subsequent lessons.

Images and videos may also be used to celebrate success through their publication in newsletters, on the school website and on social media.

We will ensure that when images are published that the children cannot be identified by the use of their names.

Please complete the consent form below and return to school

I give permission for photos/videos of my child to be used:
