

22nd May 2019

Dear Parents and Carers

Father's Day Breakfast

Father's day is soon approaching and as a way to celebrate we would like to invite dads into school to enjoy a fun Science Morning with their child. You will be able to join us in the dining hall for breakfast and then accompany your child to their classroom to join in with some exciting Science activities linked to their topic.

Our Father's Day Breakfast will take place on Thursday 13th June at 8.15am and will finish around 10.00 am. If you would like to join us, please arrive with your child at the main entrance.

We look forward to seeing you.

Kind Regards

Mrs E Binns
Science Co-ordinator
