

		Y1 T1	Y1 T3	Y2T1	Y2T3
	Prior Learning	Seasons and weather – it is warm in the summer and cold in the winter. Local area in and around school grounds – know what is in the school grounds.	Seasons and weather – it is warm in the summer and cold in the winter. Locate UK on a map (Y1T1) What it's like to live in a city (Bradford) Reading and creating a map with a key (Y1T1) Follow directional vocabulary (Y1T1)	Locate UK on a map Locate the continent of Europe Seasons and weather – it is warm in the summer and cold in the winter To know that the further away you get from the equator, the colder it gets	Seasons and weather – it is hot in the summer and cold in the winter. Locate UK on a map Locate Bradford on a map Coastal city (Sydney) Area map drawing and reading Compass directions (NSEW)
	Substantive Knowledge	Local Study Where do we live? I live in Bradford and can find it on a map. I can describe my house and other houses close to school (stone, 2 storey, garden) I can say how the weather changes day to day and from season to season (hot, snow, wet, fog) England, Wales, Scotland and Northern Ireland make up the UK. London, Cardiff, Edinburgh and Belfast are the UK capital cities. The English channel, North Atlantic Ocean and the North Sea surround the UK.	Australia What is it like on the other side of the world? Australia is in the continent of Australasia/Oceania and England is in Europe. The South Pacific and Indian Ocean surround Australia. Seasons and the difference in time (zones) are opposite in Australia compared to England. The further away you get from the equator, the colder it gets. Famous places to visit in Australia are... e.g. Great barrier reef, Sydney harbour, Bondi beach, Aires rock.	Kenya What is the same and what is different between the UK and Kenya? Locate all 7 continents Locate all 5 oceans Industrial, residential, commercial, transport are types of land use in England and Kenya. Pupils can identify the seasons and associated weather patterns in the UK and compare it to Kenya Look at human and physical features of a city, rural and coastal area of Kenya and England and compare differences	Coast What is the coast? The UK is an island and is surrounded by coast. Locate a coastal town (Saltburn by the sea). The physical features of a coast are: beach, cliff, sea, ocean, rock pools, waves/tides. The human features of a coast are: port, harbour, hotel, restaurants, pier, port. The coast is changing due to weather and erosion.
	Locational knowledge	Recap UK	Recap UK	Recap continents, oceans, UK	Recap continents, oceans, UK
	Human and Physical processes	Land use – houses, shops and park Weather Transport	Wild fires Weather Tourism Land use Transport	Weather Land use Mountains Dam building	Beach and sea (coast) Cliff Port Harbour Tourism Tides
	Key Vocab	- Stone - Slate - City - Transport - Temperature - Autumn - Sloping - Spring	- Indigenous - Humid - Tropical -seasons - weather - north - south - continent	- Continent - Tourist - Monument - Geographical - Destination - Manmade - Natural - Equator	- Coast - Beach - Port - Harbour - Quay - Cliff - Erosion

Geographical concepts Thinking like a geographer	Place	Heaton / Manningham, Bradford, UK, Europe City Houses Park School Shops	Sydney, New South Wales, Australia, Australasia and Oceania (refer to both) Pacific ocean Indian ocean City Houses Park School Shops Sea – Bondi beach Opera house Harbour bridge	Miripur, Kashmir, Pakistan, Asia Lake City High above sea level Mountainous area Rains all year Wettest area of Pakistan Semi-autonomous city (self-governing) Subtropical climate	Saltburn by the Sea, England, UK, Europe Town Beach Coastal area
	Change	Industrialisation (Lister Mills) changing - factories to apartments Population – building more houses Migration	Population – building more houses Migration – jobs Tourism	Migration away from Miripur accelerated after Dam was built. It flooded farmlands. People migrating to UK	Erosion Tourism
	Interconnectedness and Diversity	Compare houses Compare weather here in different seasons Compare with Australia topic	Compare houses with Bradford Compare weather with Bradford Compare seasons Night and day / time difference Coastal city and non-coastal city	Compare climates between Bradford and Miripur. Compare rainfall Compare city sizes	Compare beaches to Australia (Sydney) Compare weather to Bradford Compare landscape to Bradford Compare land use to Bradford
	Enquiry (including fieldwork)	Draw a simple map Draw a key using simple symbols Make observations when walking around local area Follow a map Develop and follow directional vocabulary in the context of children's own environment (near, far, left and right).	Draw an aerial map Draw a key using symbols Record the temperatures of the Bradford, Sydney and the north and South pole.	Look at and study maps of the area. Identify features e.g. mountains, dam. Compare maps of Miripur and Bradford. Identify similarities and differences.	Identify and have first-hand experience of the coastal location (VISIT). Make observations at the beach Follow a map Use simple compass directions (NSEW) to describe relative locations and routes on a map
